**Privacy Considerations...** The 9-1-1 emergency telephone number has been developed to quickly summon emergency service in a crisis situation. Callers should realize that when reporting an emergency by dialing 9-1-1, their telephone number (including non-published numbers) and their address may be automatically displayed on a viewing screen located at the 9-1-1 answering centers and that this call may also be recorded. This display of the calling number and address enables the emergency agency to quickly locate the caller even if the call is disrupted by the crisis.

## National Do-Not-Call Registry and Texas No-Call List Registration

You have the opportunity to add your name, address and telephone number to two "No-Call Lists". By placing your name, address, email, and telephone number on these lists, you identify yourself as a consumer who does not wish to receive telemarketing calls.

Both the federal government and the State of Texas have adopted telemarketing rules that allow a consumer to revoke or give notice to a telemarketing firm that they cannot be contacted by the company.

If you have already registered for the Texas "No-Call List" you must register again with the federal National Do-Not-Call Registry to be on both lists. To register on either list for the first time, please follow the directions below.

For the federal National Do-Not-Call Registry you may register in two ways:

1. Online at www.donotcall.gov for the federal registration.
2. Call toll-free 1-888-382-1222; TTY, call 1-866-290-4236.

Please note that you must call from the telephone number you wish to register. Subscribers may register their residential telephone number, including wireless numbers, on the National Do-Not-Call Registry by telephone or by internet at **no cost**. The registration can take up to 31 days after you complete registration to become effective, so you can complain about telemarketing calls that you receive three months or more after your registration. Your registered telephone number(s) will remain on the list until it's disconnected and reassigned, or if you ask to remove it.

If you have previously registered your telephone number and would like to remove or change your telephone number in the National Do-Not-Call database call the toll-free number 1-888-382-1222 (you must call from the telephone number registered) or go online to www.donotcall.gov.

You may register for the Texas No-Call List in three ways:

1. Online at http://www.texasnocall.com for instant registration.
   The site is available 24 hours a day, 7 days a week, 365 days a year.
2. Call toll-free 1-888-309-0600 to obtain an application or to register.
3. Send a written request for an application to:

**TEXAS NO CALL**
**711 Atlantic Ave.**
**6th Floor**
**Boston, MA 02111**

There is no cost to register your residential or wireless number on the Statewide "Do-Not-Call-List". Your registered telephone number(s) will remain on the list for three years from the date your residential telephone number is first published on the list.

A consumer who receives a telemarketing call, despite being on the registry, will be able to file a complaint with the FCC at complaints.donotcall.gov via the Internet, telephone 1-888-382-1222 or TTY 1-866-290-4236.

To file a complaint for a "Texas No-Call List" violation, please fill out the Texas No-Call Complaint Form or call 1-888-782-8477 (TTY 1-800-735-2988) or email customer@puc.texas.gov.

## Terms and Conditions of Telephone Service

**Description of Services and Charges**

Description of the services to which you have subscribed are attached for your information. You have also been provided with a list of the monthly charges for each service to which you have subscribed, and have been informed of the lowest-price alternative plans available. The installation fees are one-time non-recurring charges that are not refundable. If a deposit is required it will be returned with interest after 12 months of paying your telephone bill on time for residential service and 24 months for business service. Your membership fee entitles you to accrue capital credits with the Cooperative. The membership fee is refunded to you at the time service is terminated. Any installation charges applicable to your service have been explained to you.

**Other Charges**

Your first bill may also include a prorated amount for the first month of service plus a full month's billing. Surcharges and taxes on your bill are also assessed each month as a percent of revenue and remitted to the appropriate agency or authority. The Cooperative will charge $25.00 for each returned check. If service is suspended for non-payment a minimum service reconnection charge of $18.00 + tax will apply to have service restored per reconnected phone line.

**Cancellation Policy**

If service is canceled after the service is installed, you will be responsible for the non-recurring installation charges, which will not be refunded. Monthly charges will be prorated from the date of installation to the date of cancellation.

**Contracts and Right of Cancellation**

If your service requires a term contract, the minimum contract service terms have been provided to you. All cancellation fees and charges will be billed to your account per the terms and conditions of the contract and due upon receipt of the bill.

## Credit History and Deposits

It is the Cooperative's policy to apply a customer's twelve (12) month credit history equally to a spouse or former spouse who shared the service, without modification and without additional qualifications that are not normally required of the customer.

If you are applying for residential service you must establish satisfactory credit before we can accept your application. Credit may be established in several ways:

- Prior Residential Telephone Service—you can provide us with sufficient information to verify that you were a residential customer of a telephone company during the preceding two years; you are not delinquent in payment of your account with that telephone company; you did not have more than one past-due monthly bill with that telephone company during the last (12) consecutive months; and that you never had service suspended for non-payment.

- Letter of Guarantee—you can furnish, in writing, a satisfactory guarantee from a third party to secure payment of your telephone bills. The third party guarantor must be a current member of the Cooperative for at least one year, has to have established satisfactory credit of their own, and can not have been suspended for nonpayment of their account.
- Credit Due to your Age—show us you are 65 years of age or older, and that you do not have an outstanding account balance from residential service with any telephone company which accrued within the last two years.
- Domestic violence victim—you have been determined to be a victim of family violence as defined in Texas Family Code §71.004, by a family violence center or by treating medical personnel as evidenced by submission of a certification letter developed by the Texas Council of Family Violence.

**Deposits for Applicants and Members**

If a residential or business applicant does not establish credit as described above, a deposit may be required by the Cooperative. A deposit or an additional deposit may also be required before services are restored after suspension for non-payment. We may not require a deposit in excess of 1/6 of your estimated annual billing.

The fact that a deposit has been made in no way relieves the applicant or member from complying with the Cooperative's regulations as to advance payments and the prompt payment of bills on presentation; nor constitutes a waiver of modification of the regular practices for suspension and/or discontinuance of service for non-payment of any sums due the Cooperative for services rendered.

**Deposits for Residential Members**

We may require an initial deposit from residential members when:

- You have been delinquent in paying a bill for telephone service on more than one occasion during the last (12) months of service, or
- If your service was suspended for non-payment.

You must pay the deposit or furnish a letter of guarantee within (10) days after the Cooperative issues a written termination notice and request for deposit. We may require an additional deposit from residential members when:

- Your actual usage is three times your original estimated usage, or three times the average usage of your most recent three bills and your current usage exceeds $150 and 150% of the initial deposit during the first (12) months of service. You must pay the deposit within (10) days after the Cooperative issues a written termination notice and request for deposit.
- Your actual billings are at least twice the amount of estimated billings after two billing periods and a suspension notice has been issued on a bill within the previous (12) months. You must pay the deposit within (15) days after the Cooperative issues a written termination notice and request for deposit.

In each of the above cases, you may choose to pay the current bill instead of paying the deposit, if you have not chosen this option in the last (12) months.

**Deposits for Business Service Members**

If a business member's actual billings are at least twice the amount of the estimated billings and a suspension notice has been issued on a bill within the previous (12) months, you may be required to pay a new deposit. You must pay the deposit within (15) days after the Cooperative issues you

a notice. You may choose to pay the current billing instead of paying the deposit, if you have not chosen this option in the previous (12) months.

During the first (12) months you receive service, the Cooperative may also ask you to pay an additional deposit prior to issuance of your bill if your actual usage is three times your estimated usage, or three times the average usage of your most recent three bills, and your current usage exceeds $150 and 150% of the deposit you have paid. You must pay the additional deposit or the current usage within (10) days after the Cooperative issues you a notice.

In either of the above cases, the Cooperative will send you a written termination notice and a request for deposit.

**Deposits for Weekend Residences, Temporary or Seasonal Service**
The Cooperative may require a deposit sufficient to protect it against the assumed risk for weekend residences, temporary or seasonal service. These deposits will be returned under the guidelines set out under "Return of Your Deposit"..

**Interest on Deposits**
The Cooperative pays interest on deposits at a rate set by the Public Utility Commission of Texas effective January 1 of each year. No interest will be paid if a refund of the deposit is made within 30 days of receipt of the deposit by the Cooperative. If we keep the deposit for more than 30 days, the interest is calculated from the date of payment of the deposit.

You may request payment of interest annually, or at the time the deposit is returned to you. The deposit will not draw interest after the date it is returned to you, or credited to your account.

**Return of Your Deposit**
If the service is not connected, or after the service is disconnected, we will refund your deposit and interest, or the balance of the deposit, if any, in excess of any unpaid bills from service furnished to you, promptly and automatically.

When you have paid bills for residential service for 12 consecutive billings, or for business service for 24 consecutive billings without having service disconnected for nonpayment of bills, and without having more than 2 occasions in which a bill was delinquent, and when you are not delinquent in the payment of your current bill, we will refund your deposit and interest, or void any guarantee of payment, promptly and automatically. The refund will be made in the form of a check or credit to your bill.

If you do not meet these refund criteria, the deposit and interest may be retained by the Cooperative, in accordance with the rules requiring the deposit.

## Applicant or Member Complaints and Disputed Bills

Your service representative is available to answer your questions and resolve your problems. You must pay all undisputed charges by the due date. If the dispute cannot be resolved we will inform you of the complaint procedures of the Public Utility Commission, as described below.

## Payment of Bills

All bills for local, toll, and miscellaneous service are due 16 days after the postmark date, or the issuance date on the bill if there is no postmark. If the normal due date falls on a holiday or weekend, the due date will be the next business day. If the bill is not paid by the due date, it is delinquent. If you do not receive a bill or a suspension notice, you are still responsible for payment of your bill. You may pay your bill at our business office at 2425 Marshall Street, Lubbock, Texas in person, or pay by mail. A night depository is also available at the front door of the business office.

You are responsible for payment of all charges for local service furnished to you and any long distance calls (including special service billing charges) made from your phone, as well as long distance calls received at your phone where the charges have been reversed with consent of the person called or anyone else accepting charges.

Charges for local monthly service are billed one month in advance. Charges for long distance calls, or any special service billings are based on actual use up to the date your bill is prepared. Charges for installing or changing your monthly service usually appear on the first bill after your order is completed. If necessary, the Cooperative may send special bills for long distance calls, and these would be due 16 days after issuance.

Charges for long distance calls are shown in detail on each bill. An itemized list of local service charges is provided on your bill each month.

**Payment Assistance Plan**
If you cannot pay your bill by the due date, please call our business office. We will be able to make payment arrangements. We offer a deferred payment plan for residential customers who have not been issued more than two termination notices at any time during the preceding 12 months. However, we are not required to enter into a deferred payment plan with any member who has had telephone service for 3 months or less if the customer does not have sufficient credit or a satisfactory history of payment for previous service. A deferred payment plan will allow you to pay an outstanding balance in monthly installments. The monthly payment will be in addition to that month's current bill, can not be more than 1/3 of the total deferred amount, and may include a 5% penalty for late payment. A deferred payment plan may be made in person at our business office or by telephone. In either case we will provide you a written copy of the agreed upon plan.

If you have entered into a deferred payment plan and do not meet the terms, we may suspend your service after proper written notice. The Cooperative is not required to offer subsequent negotiation of a deferred payment plan prior to suspension and/or disconnection.

Please call a service representative for more information about this plan. You have the right to request these alternative payment plans if you meet the requirements explained in this section.

**Overbilling and Underbilling**
If your bill for telephone services differs from the Cooperative's lawful rates for the services you have purchased, a billing adjustment will be calculated by the Cooperative. If you are due a refund, we will make an adjustment for the entire period that you were overcharged.

If you were undercharged, the Cooperative may backbill for a period up to 6 months to the time we notified you of the amount of the undercharge and the total additional amount that will be due. This amount shall be added to the next regular billing. We can offer you a deferred payment plan for the same length of time as that of the underbilling, if the backbilling is $25.00 or more.

## Suspension of Service

TThe Cooperative will not suspend or disconnect service on a day, or on a day immediately preceding a day, when our employees are not available to the public for purposes of making collections and reconnecting service, unless a dangerous condition exists or the member requests the disconnection.

**Suspension with Notice**
The Cooperative must give at least 10 days written notice before suspending or disconnecting telephone service. In addition to non-payment of services, service may be suspended with notice for the following reasons:

- Not complying with deposit or guarantee arrangements where required.
- Not paying the account of another member when you have signed a guarantee for payment of bills as a condition for service.
- Violating the Cooperative's rules concerning the use of service in a manner which interferes with the service of others; or operating nonstandard equipment; or when a reasonable attempt has been made to notify a subscriber and they are provided with a reasonable opportunity to fix the problem.

**Suspension without Notice**

The Cooperative may suspend telephone service without prior notice for the following reasons:

- Where a known dangerous condition exists for as long as the condition exists.
- If you tamper with the Cooperative's equipment.
- If service is connected without authority by a person who has not made application for service or who has reconnected service without authority following suspension of service for nonpayment.

**How to Restore Service After Involuntary Suspension**

All outstanding charges due to the Cooperative must be paid or a deferred payment arrangement must be entered into before service will be restored. We will also charge a reconnection charge. We may require that you submit cash, money order, or a cashier's check as payment for outstanding bills and reconnection fees.

If your service has been terminated and your deposit was applied to the balance of the account, you are no longer a member of the Cooperative and you will have to apply for telephone service as a new applicant and reestablish credit. No allowance will be made for loss of service during the period service is suspension for nonpayment if payment is made and service reconnected before the completion of an order to terminate the service.

Prepaid Local Telephone Service (PLTS) is a program that helps members manage outstanding telephone balances and retain basic local telephone service only. The Public Utility Commission of Texas has directed that we provide this service.

## Telephone Solicitation

Texas law provides certain protections for a person who receives a telephone solicitation at a residence. A telephone solicitor must:

- Identify himself/herself by name,
- Identify the business on whose behalf he/she is calling,
- Identify the purpose of the call,
- Identify the telephone number at which the person, company, or organization making the call may be reached.

A telephone solicitor may not call a residence before 9AM or after 9PM on a weekday or Saturday, or before noon or after 9PM on Sunday. If a telephone solicitor uses an automatic dialing/announcement device, the machine must disconnect from your line within 30 seconds after termination of the call.

**Exceptions**

The requirements above do not apply to telephone solicitations made at your request, or solicitations made in connection with an existing debt or contract, or calls from a telephone solicitor with whom you have a prior or existing business relationship. If you use a credit card to purchase consumer goods or a service from a telephone solicitor other than a public charity (an organization exempt from federal income tax under the Internal Revenue Code 501(C)(3), the seller must:

- offer a full refund for the return of undamaged and unused goods within seven days after you receive the goods or service (the seller must process the refund within 30 days after you return the merchandise or cancel your order for undelivered goods or services);

- or provide you with a written contract fully describing the goods or service being offered, the total price charged, the name, address, and business phone of the seller, and any terms and conditions affecting the sale.

**Complaints**
The Attorney General of Texas investigates complaints relating to a violation of this law, which is found at the Business and Commerce Code Chapter 37. If you have a complaint about a telephone solicitor whom you believe has violated this law, contact:

Office of the Attorney General of Texas
Consumer Protection
PO Box 12548
Austin, Texas 78711
(800) 621-0508

Another law, found in Public Utility Regulatory Act §55.151 and §55.152 requires a telephone solicitor to make every effort not to call a consumer who asks not to be called again. Complaints relating to a violation of this law are investigated by the Public Utility Commission of Texas. If you have a complaint about repeated solicitation from a telephone solicitor you have asked not to call again, contact:

Office of Consumer Protection
Public Utility Commission of Texas

(512)936-7136 (TTY)

Be advised that you may have additional rights under federal law. Please contact the Federal Trade Commission or the Federal Communications Commission for further information on these additional rights.

## Prepay Local Telephone Service (PLTS)

PLTS gives eligible members a one-time opportunity to retain their local service if they are at risk of suspension of their local service for nonpayment of telephone bills. It also allows residential members who have been suspended because of delinquent or unpaid bills to be reconnected. **Even without entering PLTS, residential members have the right to receive basic local telephone service as long as no charges are owed for basic local telephone service.** PLTS is not available to business members.

**Your Responsibility**
To receive PLTS, you must agree to receive Toll Blocking/Restriction Service, which will prevent you from making long distance telephone calls or usage-sensitive calls which include directory assistance, call return trace, and auto redial. In subscribing to PLTS, you agree not to incur additional charges for long-distance or usage-sensitive services. In addition, you agree not to request additional services from your local telephone carrier other than those included in your PLTS subscription. If you violate the terms of this agreement you can be suspended immediately

and will not be eligible to receive PLTS again from SPTC.

To subscribe to PLTS, you must also pay up to two months of local service charges up front. You must arrange a deferred payment plan with SPTC for your outstanding local telephone charges. Payments for these charges will begin with the third billing cycle after you subscribe to PLTS. The monthly payments on this plan may not exceed $10.00 per month or 1/12th of the outstanding local debt, whichever is larger. You must pay your PLTS bill by the due date.
If your telephone has been suspended and you apply for PLTS within 10 days of SPTC's mailing of your PLTS eligibility notice, you will not be required to pay the reconnection charge for restoring service at that time. You will be required to pay that charge when you return to basic local telephone service.

**PLTS Rates**
A subscription to PLTS provides these services at the monthly rate listed below. If you are eligible for Lifeline rates, your rates may be lower.

| **PLTS Service** | **Monthly Rate** |
|---|---|
| Basic Residential Local Service | $18.75—$22.25 |
| White Pages Directory Listing | No Charge |
| Toll Blocking / Restriction | $2.00 |
| Non-published number | $0.25 |
| Access to 9-1-1, dual party relay service, and the SPTC Business Office | No Charge |

In addition to the charges for service listed above, members will be responsible for paying surcharges or fees required by law or ordinance, including, but not limited to:

- 9-1-1 Charges
- Subscriber Line Charges
- Sales Tax
- Universal Service Fund Charges
- Municipal Fees
- Extended Area Services (EAS) (if applicable)
- Extended Local Calling (ELC) (if applicable)
- Extended Metropolitan Service (EMS) (if applicable)
- Access Recovery Charge (does not apply to residential as of January 2019)

Contact SPTC during normal business hours to request PLTS.

## Billing Rights Statement - 900 Pay-Per-Call Services

This information sets out the rights and obligations of you, SPTC, and the Interexchange Carriers with regard to the use, purchase and billing of 900 pay-per-call services. This information is being provided under the Federal Telephone Disclosure and Dispute Resolution Act of 1992.

**Customer's Procedures for Notice of a Billing Error**
You should provide either written or oral notice to the Carrier listed on the 900 bill page where the alleged billing error appears within 60 days from the date it appeared on your bill. Oral notification of an alleged billing error is considered sufficient notification. Notice includes the

following:

- customer name and telephone number charges were billed to;
- the date, amount and type of error you believe occurred;
- a brief description of why you believe the billing to be in error.

**Customer's Rights and Obligations**

You have the right to withhold payment of the disputed charges for 900 services that have been reported as billing errors pending the resolution of a billing review. No collection activity will occur during the billing review and the disputed amount will be suspended pending the resolution of the billing review. You will not be charged for a billing review.

If the billing review determines that a billing error has occurred, your account will be adjusted appropriately, even if it was a partial error or an error different from the one you reported.

If the billing review determines that no billing error has occurred, you will receive an explanation outlining why it was determined that no billing error occurred; you will be notified, in writing or with the next billing statement, of the payment date for that portion of the disputed amount that has been determined not to be in error; your payment may be made with your normal billing.

Your local and long distance services cannot be disconnected for nonpayment of 900 charges; however, failure to pay legitimate 900 charges may result in your access to 900 services being involuntarily blocked; the long distance carrier(s) or information provider(s) may proceed with outside collections against you for non-payment of these charges. Voluntary blocking of access to 900 services may be available.

You have a right not to be billed for pay-per-call service not offered in compliance with the federal laws and regulations established under the Telephone Disclosure and Dispute Resolution Act of 1992.

Your local telephone company is a billing entity for the long distance carriers and the information providers that furnish 900 pay-per-call services. As a billing entity for these services, we have certain rights and responsibilities as it relates to 900 pay-per-call service.

**Carriers Procedures in Response to Customer's Notification of Billing Error**

Upon receipt of a billing error notification, a written acknowledgment will be sent to the customer within 40 days of receiving the customer's notice which will advise that they need not pay the disputed amount pending an investigation; however, if the billing error is corrected and the customer's account credited, if applicable, within the 40 day period, no written acknowledgment is required.

If it is determined that a billing error occurred, it will be corrected and the account credited within two (2) billing cycles and the customer will be notified of the correction. If it is determined that a billing error did not occur, an explanation to the customer outlining why it was determined no billing error occurred. If requested by the customer, the billing entity will provide a written explanation with sufficient documentation to support the charges due from the customer.

The billing entity is obligated to forfeit any disputed amount up to $50.00 per transaction if they fail to follow the billing and collection procedures set forth in federal law and regulation.

**Telephone Company's Rights and Obligations**
Local or long distance service may not be suspended for non-payment of 900 charges. The telephone company may either, on its own initiative or at the request of the interexchange carrier or information provider, block your access to 900 services if you fail to pay legitimate charges.

Upon customer request and where technically feasible, 900 blocking will be provided at a fee approved by law or regulation.

**Automatic Number Identification... Per-line or per-call blocking does not prevent transmission of your telephone number when you call a company using a toll free number. Therefore, your number may be available to that company's service representative before your call is answered.**

## Selecting a Telecommunications Carrier - Your Rights as a Customer

The Public Utility Commission of Texas has directed each telecommunications utility to provide this notice to customers regarding your rights when selecting a telecommunications utility. Telecommunications utilities (telephone companies) are prohibited by law from switching you from one telephone service provider to another without your authorization, a practice commonly know as "slamming".

If you are slammed, you should contact your new provider—the long distance carrier that switched you without authorization—and request that they return you to your original long distance carrier.

Texas law requires a local or long distance telephone service provider that has slammed you to do the following:

- Return you to your original long distance carrier within three (3) business days of your request.
- Pay all the usual and customary charges associated with returning you to your original carrier within five (5) business days of your request to your original carrier.
- Provide all billing records to your original carrier within ten (10) business days of your request to be returned to your original carrier.
- Pay the original carrier the amount you would have paid to your original carrier if you had not been slammed.
- Refund to you, within thirty (30) business days, any amount you paid over the amount that you would have paid for identical services to your original carrier if you had not been slammed.

Please note that once your original carrier has been paid by the slamming company, your original carrier is required by law to provide you with all the benefits (e.g.: frequent flyer miles) you would have normally received for your telephone use during the period in which you were slammed.

Complaints relating to slamming are investigated by the Public Utility Commission of Texas. If a telephone company slams you and fails to resolve your request to be returned to your original local or long distance telecommunications service provider as required by law, or if you would like a complaint history for a particular telephone company, please write or call:

PUC - Consumer Protection
PO Box 13326
Austin, Texas 78711-3326
(512)936-7120
1-888-782-8477; TTY 1-800-735-2988; customer@puc.texas.gov

Be advised that you may have additional rights under state and federal law. Please contact the Public Utility Commission if you would like further information about these additional rights. In addition, please don't hesitate to contact us if you have any questions regarding the information contained in this notice.

## Charges on Your Telephone Bill

Placing charges on your phone bill for products or services without your consent is known as "cramming" and is prohibited by law. Your telephone company may be providing billing services for other companies, so other companies' charges may appear on your telephone bill.

If you believe you were "crammed", you should contact the telephone company that bills you for your telephone service, SPTC , at 1-800-692-4472 and request that corrective action be taken. The Public Utility Commission of Texas requires SPTC to do the following within 45 days of when we learn of the unauthorized charge:

- Notify the service provider to cease charging you for the unauthorized product or service;
- remove any unauthorized charge from your bill;
- refund or credit all money to you that you have paid for an unauthorized charge; and
- on your request, provide you with all billing records related to any unauthorized charge within 15 business days after the charge is removed from your telephone bill.

If the company fails to resolve your request, or if you would like to file a complaint, please write or call the Public Utility Commission of Texas, PO Box 13326, Austin, Texas 78711-3326, (512)936-7120 or toll-free in Texas at (888)782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512)936-7136.

Your phone service cannot be suspended for disputing or refusing to pay unauthorized charges.

You may have additional rights under state and federal law. Please contact the Federal Communications Commission, the Attorney General of Texas, or the Public Utility Commission of Texas if you would like further information about possible additional rights.

## Texas Universal Service Charge

You may notice a charge called the "Texas Universal Service Fund Charge" (TX USF Charge). Texas USF is a monthly surcharge created by the Texas Public Utility Regulatory Act, Chapter 56 to provide support funding to telecommunications companies providing services to rural and high-cost areas of the state to help keep local exchange service reasonably priced. It also provides support for Relay Texas and other specialized programs for the speech-, hearing-, and physically impaired. The Texas USF includes one program which allows the deaf and hard of hearing to purchase necessary telecommunications equipment.

Traditionally, an annual charge supported some of these programs. Now all of it will be financed by a monthly charge on your bill. If you have questions about this charge or how it is calculated, please call South Plains Telephone Cooperative

South Plains Telephone Cooperative operates on a non-profit basis. Each year operating revenues that exceed our operating expenses are set aside as Capital Credits, then allocated to each of our members based on their total telecommunications purchases for the same year. Capital credit allocation notices are mailed to our members each September, but are not available for refund at that time.

Annually, our Board of Directors and the Rural Utilities Service determine the year(s) to be approved for return of capital to our members.

Keeping us informed of any mailing address changes will help ensure every member receives their capital credit refunds in the future.

The return of Capital Credits is another benefit of doing business with your telephone cooperative. As a member/owner, each time you do business with us, you do business with yourself. Doing all your telecommunications business with the company you own is like putting money in the bank.

## ARTICLE I

## MEMBERSHIP

**SECTION 1. Requirements for Membership**

Any person, firm, association, corporation, or body politic or subdivision thereof may become a member of South Plains Telephone Cooperative, Inc., (hereinafter called the "Co-op") by

(a) Making a written or electronic application for membership therein;
(b Agreeing to purchase from the Co-op service as hereinafter specified;
(c) Agreeing to comply with and be bound by the Articles of Incorporation and Bylaws of the Co-op and any rules and regulations adopted by the Board of Directors, (hereinafter called the "Board"); and
(d) Agreeing to pay the membership fee hereinafter specified on uniform terms and conditions established by the Board;
(e) The Board will determine under rules and/or policies of general application the types and amounts of revenue streams, or the types and amounts of patronage that give rise to the privileges of membership and to the allocation of patronage credits.

Exchange carriers, inter-exchange carriers, and other telecommunications entities are eligible for membership and patronage allocation to the extent they utilize the cooperative's communications services in the ordinary course of administrative affairs of their business. However, neither such entities nor their customers are eligible for cooperative membership or patronage allocation by virtue of their:

(1) purchase of local access or toll access services,
(2) purchase of equipment,
(3) joint participation with the cooperative in the provision of telecommunication services,
(4) payment of access or regulatory support program fees or assessments,
(5) payment of interconnection fees, or
(6) purchase for resale of any of the cooperative's services.

Provided, however, that agreement to pay or payment of the membership fee in accordance with the provisions of these Bylaws by a landlord on behalf of an applicant for membership who is a tenant occupying premises owned by such landlord and served by the Co-op shall constitute compliance by such applicant with subdivision (d) of this Section; and provided further, however, that no person, firm, association, corporation, or body politic or subdivision thereof shall become a member unless and until he or it has been accepted for membership by the Board or the members. No member may hold more than one membership in the Co-op, and no membership shall be transferable, except as provided in these Bylaws.

Beginning six months after the date of incorporation, all applications received more than thirty days prior to each meeting of the members which have not been accepted or which have been rejected by the Board shall be submitted by the Secretary to such meeting and, subject to compliance by the applicant with the requirements hereinabove set forth, any such application may be accepted by vote of the members. The Secretary shall give each such applicant at least ten (10) days' written notice of the date of the members' meeting to which his application will be submitted and such applicant shall be entitled to be present and heard at the meeting.

**SECTION 2. Membership Certificates**

Membership in the Co-op shall be evidenced by a membership certificate which shall be in such form and shall contain such provisions as shall be determined by the Board. Such certificate shall be signed by the President and by the Secretary and the corporate seal shall be affixed thereto. No membership certificate shall be issued for less than the membership fee fixed in these Bylaws, not until such membership fee has been fully paid for. In case a certificate is lost, destroyed or mutilated, a new certificate may be issued therefor upon such uniform terms indemnity to the Co-op as the Board may prescribe. A membership certificate is not freely transferable, nor assignable. Any attempted transfer of a membership interest must be approved by the Board of Directors and then only to successors in occupancy in all or a part of the patrons' premises served by the cooperative unless the Board of Directors, acting under policies of general application, provides otherwise. Any successor to a membership certificate must meet the requirements of Article 1 of these bylaws in the same manner as a new member.

**SECTION 3. Joint Membership**

Legal spouses may apply for a joint membership and, subject to their compliance with the requirements of Section 1 of this Article, may be accepted for such membership. The term "member" as used in these Bylaws shall be deemed to include legal spouses holding a joint membership and any provisions relating to the rights and liabilities of membership shall apply equally with respect to the holders of a joint membership. Without limiting the generality of the foregoing, the effect of the hereinafter specified actions by or in respect of the holders of a joint membership shall be as follows:

(a) The presence at a meeting of either or both shall be regarded as the presence of one member and shall constitute a joint waiver of notice of the meeting;
(b) The vote of either separately or both, jointly, shall constitute one joint vote;
(c) A waiver of notice signed by either or both shall constitute a joint waiver;
(d) Notice to either shall constitute notice to both;
(e) Expulsion to either shall terminate the joint membership;
(f) Withdrawal of either shall terminate the joint membership;
(g) Either, but not both, may be elected or appointed as an officer or director, provided that both meet the qualifications for such office.

**SECTION 4. Conversion of Membership**

(a) A membership may be converted to a joint membership upon the written request of the holder, thereof, and the agreement by such holder and his or her spouse to comply with the Articles of Incorporation, Bylaws, and any rules and regulations adopted by the Board. The outstanding membership certificate shall be surrendered and shall be reissued by the Co-op in such manner as shall indicate the changed membership status.
(b) Upon the death of either spouse who is a party to the joint membership, such membership shall be held solely by the survivor. The outstanding membership

shall be surrendered and shall be reissued in such manner as shall indicate the changed membership status, provided, however, that the estate of the deceased shall not be released from any debts due the Co-op.

**SECTION 5. Membership and Service Connection Fees**

The membership fee shall be fixed by the Board of Directors of not less than five dollars ($5.00), and not more than fifty dollars ($50.00), upon the payment of which a member shall be eligible for one service connection. Additional fees shall be paid for each additional connection, extension and other available service, in accordance with the rules and regulations prescribed by the Board.

**SECTION 6. Organizational Memberships**

A non-natural person entity or organization may apply for membership in the cooperative pursuant to the requirements for membership specified in Section 1 of this Article. Any such non-natural person accepted for membership must designate to the cooperative an individual to represent its voting interest in any meeting of members or in otherwise representation of that membership interest.

**SECTION 7. Purchase of Communications Service**

Each member shall, as soon as communications service is available, take communications service from the Co-op to be used on the premises specified in his application for membership, and shall pay therefor, monthly, at rates which shall from time to time be fixed by the Board; provided, however, that the Board may limit the amount of communications service which the Co-op shall be required to furnish to any one member. It is expressly understood that amounts paid for communications service in excess of the cost of service are furnished as provided in these Bylaws. Each member shall also pay all amounts owed by him to the Co-op, when the same shall become due and payable.

The Board shall determine, within the limits set by law, what constitutes communications service for the purposes of membership at the Co-op. At a minimum, communications service for the purposes of membership shall include traditional dial tone that has historically been the basis for membership in the cooperative. Once a service is determined to be communications service for the purposes of membership, that determination can only be reversed by vote at a meeting of the members.

**SECTION 8. Termination of Membership**

(a) Any member may withdraw from membership upon compliance with such uniform terms and conditions as the Board may prescribe. The Board may, by the affirmative vote of not less than two-thirds of all the directors, expel any member who fails to comply with any of the provisions of the Articles of Incorporation, Bylaws or any rules or regulations adopted by the Board, but only if such member shall have been given written notice by the Cooperative that such failure makes him liable to expulsion and such failure shall have continued for at least ten days after such notice was given. Any expelled member may be reinstated by vote of the Board or by vote of the members at any annual or special meeting. The membership of a member who has not permitted the installation of service within ninety (90) days after he has been notified service is available to him, may be canceled by resolution of the Board.

(b) Upon withdrawal, death, cessation of existence, expulsion of a member, or a member discontinuing to receive telephone service from the Cooperative, the membership of such member shall thereupon terminate, and the membership certificate of such member shall be surrendered forthwith to the Cooperative.

Termination of membership in any manner shall not release a member or his estate from any debts due to the Co-op.

(c) If a membership fee has been paid by a landlord on behalf of his tenant, upon the removal of such tenant from the premises of the landlord, the membership of such tenant shall terminate.

(d) Upon termination of membership for any reason, the Cooperative shall repay to the member the amount of the membership fee paid in cash by him by issuing a check in the amount of $5.00 therefor, plus any additional service deposits as reflected on the records of the Cooperative and mail same to the member at his or its last known address as reflected on the records of the Cooperative. Provided, however, that the Cooperative shall deduct from the amount of the membership fee or service deposit, the amount of any debts or obligations owing from the member to the Cooperative. Any of said membership fees or service deposits, to be repaid to the member, unclaimed, unpaid, un-cashed or undelivered after a period of four (4) years, shall be deemed as a contribution to capital of the Cooperative by such ex-member and the Cooperative shall be authorized to transfer such amount to a "Donated Capital" account.

## ARTICLE II

## RIGHTS AND LIABILITIES OF MEMBERS

**SECTION 1. Property Interest of Members**

Upon dissolution, after (a) all debts and liabilities of the Cooperative shall have been paid, and (b) all capital furnished through patronage shall have been retired as provided in these Bylaws, and (c) all membership fees shall have been repaid, and (d) all retained non-operating margins have been repaid, the remaining property and assets of the Cooperative shall be distributed among the members and former members in the proportions which the aggregate patronage of each bears to the total patronage of all members during the ten years next proceeding the date of the filing of the certificate of dissolution.

It shall be the responsibility of the Board to make adequate plans and preparations for the

If mailed, such notice shall be deemed to be delivered when deposited in the United States mail, addressed to the member at his address as it appears on the records of the Co-op, with postage thereon prepaid. The failure of any member to receive notice of an annual or special meeting of the members shall not invalidate any action which may be taken by the members at any such meeting.

**SECTION 4. Quorum**

As long as the total number of members does not exceed five hundred (500), 10 percentum of the total number of members present in person shall constitute a quorum. Multiple choice issues or determinations shall be decided by a plurality vote. All such margins from patronage business at the moment of receipt by the Cooperative are received with the understanding that they are furnished by the Patrons as capital.

(b) **Allocation of Capital Credits.** The Cooperative is obligated to pay by credits to a capital account for each Patron all margins from patronage business. The books and records of the Cooperative shall be set up and kept in such manner that at the end of each fiscal year the amount of capital, if any, so furnished by the Patron is clearly reflected and credited in an appropriate record to the capital account of each Patron, and the Cooperative shall within a reasonable time after the close of the fiscal year notify each Patron of the amount of capital so credited to the Patron's account. All such amounts credited to the capital account of any Patron shall have the same status as though it had been paid to the Patron in cash in pursuance of a legal obligation to do so and the Patron had then furnished the Cooperative corresponding amounts for capital.

    (1) If the costs and expenses exceed the amounts received and receivable from the furnishing of patronage business, hereinafter referred to as "loss," then the Board shall have the authority under accepted accounting practices and applicable tax law to prescribe the manner in which such loss shall be handled.

    (2) The Board has the authority to determine through policy which services are included in the definition of patronage business. The Board also has the authority to determine the kind, timing, method, and type of allocation; provided however, that such methods are fair and equitable on the basis of patronage.

(c) **Allocating Other Margins.** All other amounts received by the Cooperative in excess of costs and expenses, except those derived from patronage business, shall, insofar as permitted by law, be used to offset any losses during the current or any prior fiscal year and, to the extent not needed for that purpose, either:

    (1) Allocated to its Patron on a patronage basis and any amount so allocated shall be included as part of the capital to be allocated to the accounts of the various classes of members in an equitable manner as approved by the Board, or

    (2) Used to establish and maintain a non-operating margin reserve not assignable to Patrons prior to dissolution of the Cooperative.

(d) **Redemptions by Board Discretion**. If, at any time prior to dissolution or liquidation, the Board shall determine that the financial condition of the Cooperative will not be impaired thereby, the capital then credited to Patrons' accounts may be retired in full or in part. All retirements of capital shall be at the discretion and direction of the Board as to kind, timing, method, and type of distribution; and whether such retirements are in full, part, or subject to general discounts.

(e) **Payments and Redemptions Upon Dissolution.** In the event of dissolution or liquidation

of the Cooperative, after all outstanding indebtedness of the Cooperative shall have been paid, outstanding capital credits shall be retired without priority on a pro rata basis before any payments are made on account of property rights of Patrons.

(f) **Capital Assignment.** Capital credited to the account of each Patron shall be assignable only on the books of the Cooperative, pursuant to written instruction from the assignor and only to successors in interest, or successors in occupancy, in all or in a part of such Patrons' premises served by the Cooperative, unless the Board, acting under policies of general application, shall authorize other types of assignments. Patrons at any time may assign their capital credits back to the Cooperative and the Cooperative is authorized to negotiate capital credit settlement arrangements with bankrupt patrons.

Any attempt to assign or transfer the capital credited to the account of a Patron pursuant to state or federal law is subject to a right of first refusal vested in the Cooperative for a period of sixty (60) days following notice to the Cooperative of a proposed transfer of such capital to the extent the Cooperative meets any compensation terms of the proposed transfer.

(g) **Redemptions Upon Death.** Notwithstanding any other provision of these Bylaws, the Board, at its discretion, shall have the power at any time upon the death of any natural Patron, or the dissolution or cessation of business by a nonnatural person, if the legal representative of his estate shall request in writing, that the capital credited to any such Patron be retired prior to the time such capital would be retired in a general retirement under provisions of these Bylaws; and, to retire capital credited to any such Patron immediately upon such terms, conditions, discounts or payouts as the Board, acting under policies of general application, and the legal representative of such Patron's estate shall agree upon; provided, however, that the financial condition of the Cooperative will not be impaired thereby.

(h) **Minimum Accounts**. When the capital credits of any Patron no longer receiving service from the Cooperative comes to a total amount of less than a fixed sum determined by the Board of Directors, the same shall be retired in full with such retirements made only when and at the same time that a general retirement to other Patrons is made. During a general capital credit retirement, no checks shall be issued for less than a fixed amount determined by the Board, and the amount of such unretired capital credits will be retired in the first following year, when the total amount of capital credits qualifying for retirement exceeds that amount set by the Board, including the amount carried over.

(i) **Tax Refunds.** All tax refunds made by the United States Government or any of the states in connection with the final or true cost of service as determined by the capital credits allocation process may be held and used by the Cooperative as furnished patronage capital and shall be treated in the same manner as furnished capital set out in this Section of these Bylaws.

(j) **Debts Offset.** Regardless of statute of limitations or other time limitations, the Cooperative may recoup, offset, or set off any amount owed to the Cooperative by a Patron prior to payment of capital credits to the Patron or Patrons. Amounts so offset shall be together with interest thereon at the Texas legal rate on judgments in effect when such amount becomes past due, compounded annually.

**SECTION 4. Patronage Capital Policies**

(a) **Policy Review.** The Board of Directors shall periodically review all policies with regard to the allocation of patronage capital to the members. The Board of Directors shall not allocate non-operating earnings or margins to Patrons, except in the event of dissolution of the Cooperative or when distributions or dividends are received by the Cooperative for a subsidiary corporation for the express purpose of allocating patronage to the Patrons.

(b) **Allocation from Subsidiaries.** The Board of Directors may allocate patronage capital to

eligible Cooperative members for dividends or distribution from the Cooperative's subsidiaries.

(c) **Allocation Eligibility.** The Board of Directors may establish categories of membership that are not eligible for the allocation of patronage, and the Board shall not allocate any patronage capital on the basis of:

(1) purchase of telecommunication equipment;
(2) purchase of local access or toll services;
(3) purchase of any and all services for resale;
(4) payment of access charges, universal service fund support payments, any regulatory or legislative assessments; or
(5) payment of interconnection fee and charges.

Nothing herein shall prevent the Cooperative from establishing subsidiaries that are wholly-owned by the Cooperative and operated as a separate cooperative or corporation, and whose margins or dividends shall be eligible for patronage allocation to the Cooperative's members in a reasonable, fair, and equitable manner.

**SECTION 5. Patronage Capital in Connection with Furnishing Other Services**

In the event that the Cooperative should engage in the business of furnishing goods or services other than traditional telecommunications and information services, all amounts received and receivable there from which are in excess of costs and expenses properly chargeable against the furnishing of such goods or services shall, insofar as permitted by law, be prorated annually on a patronage basis and returned to those Patrons from whom such amounts were obtained at such time and in such order of priority as the Board shall determine. Any margins received by the Cooperative from subsidiaries or affiliates may be allocated or determined within the discretion of the Board of Directors as patronage credit or as permanent equity of the Cooperative.

**SECTION 6. Assignment and Gift By Failure To Claim**

(a) Notwithstanding any other provisions of the bylaws, if any patron or former patron, member or former member, fails to claim any cash retirement of capital credits or other payment from the Cooperative within three (3) years after payment has been made available by check mailed to him (her) at the last address furnished to the Cooperative, such failure shall be and constitutes an irrevocable assignment and gift by such patron or member of such capital credit or other payment to the Cooperative.

(b) Failure to claim any such payment shall include the failure to cash any check mailed by the Cooperative at the last address furnished by the Cooperative.

(c) The assignment and gift provided for under this section shall become effective upon the expiration of sixty (60) days following the giving of a notice by mail or publication that unless such payment is claimed within sixty (60) days, such gift to the Cooperative shall become final.

(d) The notice by mail herein provided shall be mailed by the Cooperative to such patron or former patron, member, or former member, at the last known address. If notice by publication is given, such publication shall be one insertion in a newspaper circulated in the service area of the Cooperative.
